

# WISH DENTAL & WELLNESS

## Wish Wellness Plans

### WE WELCOME YOU TO THE NEW ERA OF HEALTHCARE

At Wish Wellness, we believe your health deserves the same attention and routine care as your dental check-ups. Just as regular visits to the dentist help prevent major issues, consistent health monitoring can catch concerns early—when they're easiest to treat.

Our diverse team of dedicated healthcare professionals is here to support your wellbeing with a proactive, preventive approach. We focus on keeping you healthy, not just treating you when you're unwell.

Because when it comes to your health, prevention truly is better than cure.

FOR ONLY **£35.52** PER MONTH
